Halloween Press Release:

Before Halloween, Families Should Check Sex Offender Registry and Register for Free Email Alerts Through OffenderWatch

The Lyon County Sheriff's Office is committed to serving our community to the best of our ability and one of the ways in which we do this is by providing real-time alerts to the public for registered offenders.

In Lyon County, KS, there are over 100 registered sex offenders, and we want the community to know where they reside so they can choose to avoid those houses when trick-or-treating.

Citizens are encouraged to check any addresses where they or their family spend time. The mapping and address feature found on the website pinpoints exactly where an offender lives.

Community members will also find many other beneficial tools online, such as the ability to sign up for free automated email notifications informing them if an offender moves into their neighborhood or around another address. Even if you aren't planning on trick-or-treating in your neighborhood, this is a great tool to use.

The alerts are in real-time and sent out via email as soon as a new offender has registered with the Sheriff's Office.

To search for registered offenders or to sign up to receive alerts, click on the flashing banner at: <https://lyoncounty.org/sheriff/registered-offenders/>

Sheriff Cope encourages everyone to have a fun and safe Halloween. Knowledge is power and knowing where registered sex offenders reside can help citizens make safer decisions when trick-or-treating.

For further information, please call the Lyon County Sheriff's Office at 620-341-3205 or visit us on social media.
