

KS House of Representatives – 13th District

Edgar Chrisman, Democrat

Occupation: Retired Carpenter, Farmer

Number of Years in District: 50 Years

What prompted you to run as a candidate for Kansas House of Representatives?

I am tired of my representatives being appointed and anointed by a fixed primary

What top issue concerns you the most about the current political climate in Kansas:

The Republican super majority ignore their constituents.

What are your 3 top priorities?

1. Remove sales tax on necessities
2. Expand Medicaid
3. Green energy and Internet access to rural areas and underserved areas.

What do you think sets you apart from the other candidates?

I believe birth control should remain legal and IVF should be covered by insurance. The legislature is still trying to micromanage abortion access.

If people would like more information, can they find you on social media, and if so, how?

Internet at this location is very slow, do not use.

Anything else you would like the citizens of your district to know about you?

You don't have a democracy unless you vote. You don't have a democracy unless you have a ballot choice. You don't have a democracy if the legislature limits voter's access.

Thank you,
Edgar Chrisman
