

## **Kansas House of Representatives – 60<sup>th</sup> District**

**Will Spencer, Republican**

**Occupation:** Owner Nature's Paradise Health Food Store

**Number of Years in District:** Over 35 Years

### **What prompted you to run as a candidate for Kansas House of Representatives?**

I was asked by the public to run a few years back. I love to give where I can and was asked to run again as those felt I would be a great representative of the people and I after thought it over, I felt I could give even more to this role to serve as a voice to the people who needed to be heard and be a great representative to those in the District, the State of Kansas, and The United States of America.

### **What top issue concerns you the most about the current political climate in Kansas?**

We are the second most governed state - behind only Alaska. That means Kansas taxpayers are paying for too much government and not getting our money's worth. We need more efficiency and accountability.

### **What are your 3 top priorities?**

1. Reducing Property Taxes for Home Owners.
2. Battling The Mental Health Crisis.
3. Improving Veterans Benefits.

### **What do you think sets you apart from the other candidates?**

My willingness to serve in a proactive and not as a reactive representative of the district, the State of Kansas, and the people as I served the country with the core values as a United States Air Force Veteran. I am wanting to create long term plans to benefit those I am representing as well as working with others to stop the divide in politics as I will take the time to listen to the needs and concerns of others. I have an open door policy where people can come and speak with me on topics and utilize resources to get answers for those in need. I promise to listen to the people and be a representative for the people by the people.

### **If people would like more information, can they find you on social media, and if so, how?**

### **Anything else you would like the citizens of your district to know about you?**

I really care and care for the people!! Being a part of a family owned small business I share time in listening to stories, offering advice, sharing emotions, and so much more! I hope to

give that same in being the voice for so many and represent you well as your State of Kansas 60th District Representative!
